As the leading vertically integrated manufacturer of lithium iron phosphate battery systems, GSL ENERGY has provided various battery solutions for nearly all kinds of ESS applications.

The outdoor cabinet features front maintenance to minimize the occupied area and maintenance access. It offers safe and reliable operation, fast deployment, low cost, high energy efficiency, and intelligent ...

This integrated outdoor cabinet features lithium iron phosphate (LFP) batteries, modular PCS, EMS, power distribution, fire protection, and an advanced liquid cooling system that enhances thermal ...

This integrated outdoor cabinet features lithium iron phosphate (LFP) batteries, modular PCS, EMS, power distribution, fire protection, and an advanced liquid ...

As the leading vertically integrated manufacturer of lithium iron phosphate battery systems, GSL ENERGY has provided various ...

The 100 kWh outdoor energy storage cabinet adopts an integrated design concept, integrating the battery, battery management system BMS, energy management system EMS, modular inverter PCS, ...

The BF100 is a DC-coupled battery cabinet for commercial and industrial energy storage. With the capacity of 71, 86, 100 kWh it can seamlessly work with Autarco hybrid inverters to achieve high ...

Our standard cabinet comes with fire system isolation, state-of-the-art liquid-cooling technology, combustible gas detection, and an FM200 fire extinguishing system, ensuring the safety and ...
