The 100kWh lithium battery energy storage cabinet offers high efficiency, flexibility, scalability, and reliable performance. The ingress protection rate of the 100 kilowatt hour battery is IP45, we ...

This integrated outdoor cabinet features lithium iron phosphate (LFP) batteries, modular PCS, EMS, power distribution, fire protection, and an advanced liquid cooling system that enhances ...

As the leading vertically integrated manufacturer of lithium iron phosphate battery systems, GSL ENERGY has provided various ...

With advanced BMS intelligence for precise State of Charge (SoC) and State of Health (SoH) tracking, these battery cabinets simplify installation, reduce maintenance, and optimize runtime.

As the leading vertically integrated manufacturer of lithium iron phosphate battery systems, GSL ENERGY has provided various battery solutions for nearly all kinds of ESS applications.

100KWh LFP/SSB 3.2V/280Ah battery with over 8000 cycles at 70% DOD, ensuring stable long-term energy supply for commercial and industrial needs. IP54 protection + C4/C5 anti ...

Integrated Substations: Pre-installed box-type substations featuring compact structure, quick installation, energy-saving, and environmental protection, suitable for urban power grids, temporary power use, ...

The 100 kWh battery system is designed in a cabinet. It can protect the battery system well and also isolate the high voltage battery from the outside to reduce the safety risk.
