-----

Bonnen 144V 200Ah LiFePO4 battery pack is a cutting-edge traction battery designed to meet the demanding performance needs of electric vehicles (EVs), electric boats, and yachts. With a 28.8kWh ...

Elevate your electric vehicle's performance with CMVTE's 144V 105Ah LiFePO4 Battery Pack. Expertly engineered, this premium-grade lithium ion power source provides unparalleled energy density, long ...

CTS 72V-144V 200Ah LiFePO4 battery delivers 3500+ cycles, IP67 protection, and 10-year life. Saves 40% in maintenance vs lead-acid. Trusted by 500+ fleets. Request ROI analysis.

A 144V LiFePO4 (Lithium Iron Phosphate) battery pack is a high-voltage, durable, and safe energy storage solution widely used in electric vehicles, solar energy systems, industrial ...

This 144V lithium traction battery utilizes Grade A prismatic LiFePO4 cells that provide a long lifespan and high consistency. The cells are laser welded to ...

Built with advanced lithium iron phosphate (LiFePO4) technology, it ensures long-lasting durability, high energy density, and superior safety. This integrated system simplifies installation and maintenance, ...

Our LiFePO 4 Battery Pack with Grab Handle range meet the same safety standards as the tracer LiFePO 4 Battery Packs and are ideal for powering motors and where a higher output current is ...

This 144V lithium traction battery utilizes Grade A prismatic LiFePO4 cells that provide a long lifespan and high consistency. The cells are laser welded to ensure a strong and reliable connection.
