What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed, fabricated, and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality, faster lead times, and complete Build America, Buy America (BABA) self-certification documentation with every order.

What is a minifort & small telco enclosure?

Compact Network Deployments: The MiniFort and Small Telco enclosures provide secure termination and equipment housing for smaller installations, requiring pole, ground, or wall mounting with minimal footprint. Flexibility defines every telecom cabinet we manufacture.

Explore Charles Industries' Outdoor Telecom Cabinets & Enclosures for secure, durable protection of telecom equipment in outdoor environments. Enquire now!

Explore our range of outdoor telecom cabinets engineered for reliable field deployment. Designed to protect sensitive electronic equipment from harsh weather, dust, and vandalism, our cabinets offer ...

Designed to save deployment cost and time, our innovative solutions include hub collapse, battery backup, composite mounting platforms and modular series cabinets. Modular capability helps future ...

We provide superior outdoor enclosures that are ready for installation. Fill out our registration form or call us at 904-674-2976 to learn more about our products ...

Whether you need a compact fiber distribution unit or a large UPS enclosure, each outdoor telecom box can be
