Who makes outdoor electrical enclosure box?

As a leading manufacturer of outdoor electrical metal enclosure, outdoor telecom enclosure and weatherproof telecom enclosure, AZE can support you to customize the outdoor electrical enclosure box to fulfill your specific needs in terms of shape, size, color, finish and cost valuable.

What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

What is a MDU enclosure?

Our top-hinging, medium-security MDU enclosure provides protected access for multi-dwelling fiber or telecom equipment and features a durable powder-coated design, secure hinged door, ample cable routing space, and flexible mounting options for broadband and telecom distribution needs.

What is a telecommunications enclosure?

Telecommunications enclosures are used in protecting electrical equipment in charge of transporting voice, video and other data for a number of industries. Telecommunications companies rely on custom and standard NEMA-rated electrical boxes to protect their sensitive equipment.

Charles Universal Broadband Enclosures (CUBE) are constructed to withstand the elements and provide superior protection for active electronics in all environments.

Westell offers secure, weather-tight outdoor network enclosures to protect electronic equipment for outdoor telecom networks.

All this plus a competitive unit cost and rapid turnaround helps make Bison ProFab a telecommunications professional's first call for enclosure solutions.
