Application: Installed in the main electrical engineering room of industrial and civil works. Introduce: Hawee can design and manufacture on request the entire range of OD outdoor electrical cabinets for distribution applications, motor control up to IP 65.

Are steel cabinets a good investment?

Since steel cabinets are able to last for a long time without wear and tear, users may not need to get a new cabinet unit for many years to come - making these a worthy investment in the long run. Steel cabinet doors do not peel or chip. Given that steel is resistant to moisture, steel cabinets will not warp as compared to wooden doors.
