Samsung's Compact Macro is an unparalleled solution for rolling out mmWave 5G services. It's an innovative product that integrates the baseband, radio and antenna all together in one small form factor.

Our macro cell antenna portfolio supports a wide range of frequencies, RET (Remote Electrical Tilt), multi-band operations, and massive MIMO capabilities -- all tailored for demanding ...

Optimized for sub-1 GHz frequencies, these solutions improve coverage, reduce deployment costs, and support reliable connections for increasing wireless demand. Designed for next-generation macro ...

One of the most compact outdoor macro base stations in the industry, it features a large, scalable capacity and multi-mode applications that meet the requirements of long-distance railways.

Skyworks offers a broad portfolio of products that enable our customers to design state-of-the-art 4G and 5G base stations. These products include low noise amplifiers (LNAs), drivers, high ...
