What is a sm15k power supply?

The SM15K Series offers programmable DC power supplies with high efficiency, stability, and flexibility. Its constant power output significantly expands the voltage and current range compared to traditional power supplies. Programming is simple via the front-panel UI, web interface, or Ethernet.

How does Delta sm15k work?

The SM15K series features true bidirectional power flow, allowing it to absorb 100% of the power and operate symmetrically across both quadrants. Voltage and current are fully programmable from zero to maximum. Delta's innovative Power Regeneration Technology achieves up to 95% efficiency by returning full power to the grid.

What makes Delta Elektronika sm15k a good power supply?

Delta Elektronika continues its tradition of delivering reliable, low-noise, and energy-efficient power supplies. The SM15K series exemplifies these qualities, offering bidirectional power flow, flexible output, a user-friendly web interface, and plug-and-play connectivity.

What makes the sm15k series unique?

The SM15K series exemplifies these qualities, offering bidirectional power flow, flexible output, a user-friendly web interface, and plug-and-play connectivity. With its high efficiency, modularity, and advanced functionality, the SM15K is an indispensable tool for laboratories, R&D, battery testing, and industrial applications.

They feature power supply, distribution, and protection equipment as well as radio systems and passive or active cooling. Contact us today to learn about all the options and to find a solution that is right for ...

SM15K Series: 15kW bidirectional programmable DC power supply with high efficiency, modular design & Ethernet control. Ideal for R&D, labs, and ...

They feature power supply, distribution, and protection equipment as well as radio systems and passive or active cooling. Contact us today to learn ...

Contact MOBISMAART today to explore how the MOBICELL-15K can deliver reliable, diesel-free energy for your telecom, industrial, or government sites. The MOBICELL-15K is a modular ...

After-sales service for 15kW communication power supply cabinets
