Where are server racks made?

Since 1999, we have provided server racks, cabinets, and enclosures that continuously satisfy our customer's high standards and are Made in the USA! Our IT products are flexible and compatible with all rack mount servers or other electronics, to adapt to changing needs.

What is a standard server rack?

Standard Server Rack A standard server rack is often quite a bit cheaper than more robust versions, but these are still long-lasting durable high quality racks designed for deployment in any data center in the country.

What is a RakworX Smart Modular data center?

RakworX's Prefabricated Smart Modular Data Center (MDC) is an energy-efficient, high-performance solution with natural air cooling for a PUE as low as 1.1. It's a fully contained, adaptable data center designed for rapid deployment, scalability, and growth. Our Small Chamber add-on optimizes airflow, enhancing cooling by containing cold air.
