I had a new battery installed in November (from Halfords) and decided to bring to Halfords garage and they confirm the battery and alternator were OK. When Volvo re-opened, I ...

As Slovakia strides towards modernizing its energy infrastructure, Greenbat and Pixii have joined forces to pioneer the first battery storage system certified for primary frequency ...

Has anyone here had their v40 main battery replaced by the dealer or any other workshop, if so how much was it (uk)

With solar and wind projects contributing 22% of Slovakia's electricity mix in 2023, reliable energy storage systems (ESS) are no longer optional. Battery cabinets form the backbone of these systems, ...

As the sun sets over the High Tatras, one thing's clear: Slovakia's container energy storage cabinets aren't just metal boxes - they're the unsung heroes of the energy transition.

I've had both batteries replaced (with the correct models), done a 100 mile trip, overnight smart battery charge, charging voltage is fine, system messages cleared but I am still getting "low ...

Hello everyone, I just bought my first car, a 2014 Volvo V40 T3, and a warning appears on the dashboard that says "low battery charge." The car is recently...

ZSE Group, Slovakia based energy company, has 100+ years of experience from the electricity market in Central Europe. The company is one of the most ...
