What is an outdoor telecom enclosure?

The outdoor telecom enclosures, which are also referred to as telecommunications cabinets, are fully enclosed cabinets that help protect electrical cabling and other equipment from potentially damaging environments. Such damage can be caused by dust, rain, ice, and external heat. What do you need to know about outdoor telecom enclosures?

What accessories are included in an outdoor Telecom cabinet?

An outdoor telecom cabinet from KDM includes enclosure fans and power options. Depending upon the installation location, KDM also offers an optional built-in air conditioner or heat exchanger.

Should outdoor Telecom enclosures be protected?

Outdoor telecom enclosures need to be protected against outside hazards, such as dust, rain, snow, UV radiation, shock, impact, and even vandalism. Additionally, they should have a design that prevents inside hazards from tampering with your electrical components.
