The 372KWh outdoor cabinet energy storage system adopts an integrated design concept, integrating batteries, battery management system BMS, energy management system EMS, modular converter ...

EK conducted a comprehensive and multi-level test on the 372kWh liquid-cooled smart outdoor cabinet, mainly including mechanical safety, ...

This outdoor battery cabinet incorporates advanced liquid cooling technology. With its high level of system integration, it offers easy installation and enhanced efficiency.

It integrates a high-voltage LFP battery with a capacity of 372KWh and a power rating of 150KW, making it suitable for both commercial and industrial applications. The system includes a Battery ...

The 372KWh outdoor cabinet energy storage system adopts an integrated design concept, integrating batteries, battery management system BMS, energy management system EMS, ...

Liquid-cooled Battery Cabinet ECO-B372LS The liquid-cooled battery cabinet adopts advanced cabinet-level liquid cooling and temperature balancing strategy.

372kWh Liquid-cooled Outdoor Cabinet for Lithium Battery Cabinet-type Battery Lithium Battery Rental Cabinet

EK conducted a comprehensive and multi-level test on the 372kWh liquid-cooled smart outdoor cabinet, mainly including mechanical safety, electrical safety, functional safety and other tests.
