Where can I buy solar panels in bulk?

Buying in bulk by pallet or container lets you lock in better prices per watt, simplify logistics, and get equipment from trusted brands in one place. A1 SolarStore is a solar marketplace where you can buy wholesale solar panels in pallets or full container loads for residential and commercial projects.

How much does a 400-watt solar panel cost?

The price for a pallet of 33 REC Solar 400-watt mono solar panels is \$10,400.00. Another offer is available for \$12,900.00. REC Solar also offers a 370-watt 120-cell solar panel.

How many solar panels are in the LG 425 qac-a6?

Each pallet contains 25 LG Solar - LG425QAK-A6 solar panels, which have a capacity of 425 Watts each. Similarly, a pallet of LG Solar - LG435QAC-A6 panels contains 25 panels, with a capacity of 435 Watts each.

Can I order solar modules by pallet or container?

Fewer shipments and simplified logistics when you order by pallet or container. Support from a team that works daily with installers and distributors. On the A1 SolarStore page, modules are offered both by pallet and by full container (truckload), so you can match the format to the scale of your business.
