What is Battery Centre Gothenburg?

It will be 100 percent powered by fossil-free energy and the aim is to supply batteries for approximately half a million electric cars per year. Nearby at Lindholmen, Battery Centre Gothenburg will open on 24 January. There, both industrial personnel and students will be trained and educated in battery technology and production.

What is Volvo's new research and Development Center in Gothenburg?

Established in 2022, the company has set up a research and development center in Gothenburg to build on the battery expertise within both companies and develop next-generation, state-of-the-art battery cells and vehicle integration technologies, specifically developed for use in Volvo cars.

What's going on in Gothenburg?

Gothenburg is a hub for innovation and at the forefront of sustainable industry. Now a battery cluster is taking shape, characterised by something that has served the region well: collaboration. Near Volvo Car's production plant and new battery assembly factory in Torslanda, a gigafactory is under construction.

Summary: Discover how Gothenburg's innovative gravity energy storage project is reshaping renewable energy integration. This article explores its technology, environmental benefits, and why it matters for ...

Summary: Gothenburg's new energy storage project addresses renewable energy challenges through cutting-edge battery systems. This article explores how this initiative supports Sweden's green ...

NOVO Energy, the joint venture between Northvolt and Volvo Cars, celebrated the start of construction for its highly anticipated battery factory in Torslanda, Gothenburg.

Discover how collaboration is fueling Gothenburg's thriving battery cluster, including advancements in hydrogen fuel cell tech and sustainable ...

(IN BRIEF) Volvo Energy has launched the PU2000 Battery Energy Storage System at its Customer Day in Gothenburg, presenting a new solution designed and built in Sweden to ...

Gothenburg has emerged as a Nordic hub for innovative energy storage solutions. This article ranks leading battery technology providers specializing in industrial and renewable energy ...
