Why should you choose Machan for your energy storage enclosure?

Machan has extensive experience in the manufacture of outdoor enclosures, enabling us to meet the diverse needs of energy storage enclosure customers across a range of industries and applications.

Do I qualify for a 5% discount on EG4 solar panels?

Must purchase 2 LG 16H Prime Batteries to qualify for \$825 savings. LG is excluded from 5% off sitewide. EG4 Chargeverter is excluded from 5% off sitewide. All promotions exclude Chiko Products. Solar panel pallets are not eligible for shipping discounts.

Do energy storage cabinets need to be painted?

This ensures that energy storage cabinets maintain excellent appearance and performance, as well as resisting corrosion and UV radiation. We place particular emphasis on comprehensive pre-paint processes, including degreasing, cleaning and neutralisation, to ensure excellent paint adhesion and quality.

What services does Machan offer?

We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services. In addition, Machan emphasises the modular design of rack-type enclosure structures, increasing design flexibility to meet specific customer requirements.

HighJoule's 5MWh liquid-cooled energy storage system offers a reliable, efficient, and scalable solution for commercial, industrial, and renewable energy sectors.

From outdoor energy storage system cabinets to integrated cloud-based controls, EPC Energy has you covered. We want to help you create ...

We offer a variety of high-quality solar products, from certified used panels to complete solar kits, without the high price tag. We have the solution to your ...

Designed for outdoor deployment, the cabinet features weather-resistant construction, efficient ventilation or air conditioning, and options for battery and DC distribution integration.
