Hi, this was explored extensively by @ Paul Black in a long thread. Basic concept: don't meddle unless you know exactly what you're doing - you're more likely to be back here asking ...

Inside W10's Event Viewer, I see an error with ID of 10016 (DistributedCOM). Its error description is - The application-specific permission settings d

Hey Fredrik, the new 10016 errors are showing as Microsoft-Windows-Distributed in the registry if you look up the AppID's and GUID's. Funny thing is though, if you go to Component ...

The report, Strategic Pathways for Energy Storage in India Through 2032, tackles these questions. With its sharp analysis and data-driven approach, it maps out practical, affordable ways to roll out storage, ...

Distributed Component Object Model (DCOM) is a proprietary Microsoft technology for communication between software components on networked computers. DCOM, which originally ...

Three initiatives, regulations or policies related to decentralised energy storage have been updated or introduced by the relevant agencies at the national or state level.

India is rapidly emerging as a global hub for energy storage, driven by strong government support and a vision to achieve climate resilience and grid stability.

India has set a target to achieve 50% cumulative installed capacity from non-fossil fuel-based energy resources by 2030 and has pledged to reduce ...
