What is a Dory battery?

A Dory battery provides uninterruptible backup power for dozens of hours for medical equipment and devices, refrigerators, POS machines in restaurants, and data servers. Dory batteries are perfect power backup solutions.

What are Dory Power's products for backup power?

Dory Power offers portable power stations and uninterruptible power supplies for backup power. These products provide dozens of hours of backup power through instant and automatic switch from grid power to battery power within <10 Milli-seconds.

How long do Dory batteries last for power supply?

Dory batteries can provide 10-30 hours of uninterruptible power supply. They can keep your store lights on, cash register machine working, and provide backup power for a refrigerator, microwave oven, furnace, lights, cell phones, computer, and TV during a power outage.
