Can Lithium Werks make a custom battery pack?

Lithium Werks' patented Nanophosphate[®] battery technology (designed by MIT and A123) can be used in your custom modules. We can design and manufacture custom battery packs using lithium iron phosphate (LFP) cells for your power or energy application. Robust cylindrical, prismatic, or pouch cells can be produced for your pack.

Can Lithium Werks provide a battery management system (BMS)?

Lithium Werks can provide modules and packs with BMS (Battery Management Systems) to monitor, control and communicate with your devices or configure the modules to accept off-the-shelf BMS products. Lithium Werks builds custom battery packs and modules using lithium iron phosphate LFP batteries.

Who is Lithium Werks?

Lithium Werks plants have been manufacturing cells and modules for over 20 years. We have the experience and the know-how to build a custom battery module to fit your application.

Do you assemble rechargeable lithium batteries?

We develop and manufacture customised packs - inclusive: In addition to NiMH and NiCd - We do not assemble cells either - rechargeable lithium battery packs. We take care of the certified and professional disposal of all types of batteries. In most cases, the raw materials can even be completely recycled.

Lithium Werks plants have been manufacturing cells and modules for over 20 years. We have the experience and the know-how to build a custom battery ...

From concept and design to fabrication and assembly, Bull Metal Products manufactures custom battery enclosures, lithium battery boxes, and battery cabinets with the highest quality and ...

Discover how Germany's innovative lithium battery clusters are reshaping energy storage solutions across industries. Learn about market trends, technological advancements, and real-world ...

We can change the color of the battery cabinet according to your demands from Germany. Removable doors and side panels makes also the access of the batteries easier for any intervention.

Sixpack provides On-Demand lithium battery power system solutions, one-stop battery customization & volume production from Pack prototyping, BMS to ...
