This EU-supported project is making an important contribution to Germany's and Hamburg's transition to cleaner energy sources and is helping improve air quality across the region.

A successful energy transition will require a variety of storage systems to absorb electricity during peak times and release it when needed -- for example in the evening and at night.

HAMBURG, Germany, Sept. 25, 2024 /PRNewswire/ a?? At WindEnergy Hamburg, CRRC Corporation Limited ("CRRC", SHA: 601766), a leading Chinese wind power solutions supplier, unveils its latest ...
