From concept and design to fabrication and assembly, Bull Metal Products manufactures custom battery enclosures, lithium battery boxes, and battery cabinets with the highest quality and safety standards.

Our IP66 enclosures offer the highest protection against particles and a high level of protection against water. Following strict IP66 standard protection rating rules, these enclosures ...

Protect against explosive atmospheres in refineries, drilling sites, and gas processing plants. Resist harsh environmental conditions, including extreme temperatures, humidity, and ...

Whether you are near the sea or close to a swimming pool, from torrid to icy temperature, in a dusty, dirty and harsh environments, GEMINI ...

Options and specifications of weatherproof, IP rated, anti-static, fire retardant, impact resistant battery enclosures

Protect against explosive atmospheres in refineries, drilling sites, and gas processing plants. Resist harsh environmental conditions, including extreme temperatures, humidity, and corrosive chemicals.

Our IP66 enclosures offer the highest protection against particles and a high level of protection against water. Following strict IP66 standard protection rating rules, these enclosures stringently adhere to ...

Our oil and gas enclosures are engineered for the extreme conditions of offshore platforms, refineries, and petrochemical facilities. Built for upstream drilling operations, midstream ...
