Siwu Electric provides high-quality photovoltaic grid-connected cabinets with stable performance and reliable quality, meeting the grid-connection needs of various photovoltaic systems.

Intelligent liquid cooling ensures higher efficiency and longer battery cycle life Modular design supports parallel connection and easy system expansion IP54 outdoor cabinet and optional C5 anti-corrosion

Our main products include low voltage and high voltage battery packs, on and off grid hybrid inverters for households, commercial and industrial applications. We also have the all-in-one hybrid generator ...

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal ...

Higher power & higher reliability: Half-cut technology adopts the IR laser to cut the high efficiency cells from one to two to halve the current. ...

High-capacity modular design that can be scaled from 215kWh to multi-MWh configurations. IP54-rated outdoor cabinet that withstands extreme temperatures, dust, and moisture. Real-time load ...

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel operation ...

60kWh/200kWh outdoor integrated cabinet for industrial and commercial storage. Suitable for various industrial and commercial application scenarios such as industrial parks and commercial complexes, ...
