They transform solar-sourced DC into AC and store unused energy in high-performance battery packs, providing clean, renewable backup energy to mission-critical telecom equipment.

We are a professional manufacturer of integrated solar container systems. SolaraBox solar containers enable customers to achieve greater energy independence and reduce carbon emissions.

Through partnerships with well-known suppliers such as TE, EATON, KLAUKE, Telefonica, Intercable, and more, the cluster aims to offer the best possible solutions for the industry.

Designed for the next generation of telecom and industrial systems, these cabinets deliver maximum uptime, simplified integration, and long-term performance stability in outdoor environments worldwide.

Our telecom cabinets are constructed from durable raw materials, making the cabinets resistant against corrosion and damages. Our server rack solutions can ...

As global demand for sustainable energy surges, Reykjavik emerges as a strategic hub for solar photovoltaic innovation. This article explores Iceland's solar energy landscape, manufacturing trends, ...

Whether for remote telecom stations, solar hybrid systems, or industrial automation units, we provide fully assembled cabinets with integrated power, cooling, and control systems for plug-and-play ...

Through partnerships with well-known suppliers such as TE, EATON, KLAUKE, Telefonica, Intercable, and more, the cluster aims to offer the best possible solutions for the industry.
