We install solar equipment for residential and commercial customers island-wide. Our systems covers a wide range of solar products such as grid-tied, hybrid and ...

Engineered for solar energy storage, electric vehicles, and industrial UPS systems, it features: Built-in Smart BMS: Overcharge/discharge protection, temperature control, and cell balancing.

Optimizing the use of renewable energy: Maximize the use of photovoltaic power during the day, while excess power is stored for use at night. Peak shaving ...

Engineered for solar energy storage, electric vehicles, and industrial UPS systems, it features: Built-in Smart BMS: Overcharge/discharge protection, temperature ...

Highjoule delivers advanced solar and energy storage solutions in Jamaica, offering residential, commercial, and industrial systems to support sustainable energy development.

Jamaica is experiencing a notable shift in weather conditions as a strong cold front moves across the island, bringing cooler temperatures.

Designed for outdoor use, the battery cabinets feature IP54-rated enclosures that resist dust and water splashes. This guarantees uninterrupted performance even in coastal or tropical ...

Q1.What is the solar integrated cabinet system? A: The integrated module integrates photovoltaic power generation, energy storage battery, smart inverter and energy management (EMS), which is suitable ...
