Our containerised energy storage system (BESS) is the perfect solution for large-scale energy storage projects. The energy storage containers can be used in the integration of various ...

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy ...

Solar & UPS backup power system battery enclosures for off-grid or grid-connected solar systems. SES offers a wide variety of large outdoor battery and electronics ...

The CSS-OD 102.4 cabinet is IP54-rated and designed for flexible deployment in both indoor and outdoor environments, making it suitable for a wide range of commercial and industrial sites.

High-capacity modular design that can be scaled from 215kWh to multi-MWh configurations. IP54-rated outdoor cabinet that withstands extreme temperatures, dust, and moisture. Real-time ...

This energy storage cabinet is a PV energy storage solution that combines high-voltage energy storage battery packs, a high-voltage control box, an energy storage PV inverter, BMS, cooling ...

Designed for harsh environments and seamless integration, this IP54-rated solution features a 105KW bi-directional PCS, optional air- or liquid-cooled thermal management, and parallel operation ...

Our 200KWh Outdoor Cabinets energy storage system is built with IP54 protection, ensuring it can withstand harsh weather, from scorching sun to torrential rain.
