The 261kWh liquid-cooled BESS is an advanced outdoor energy storage cabinet designed for commercial and industrial applications. Featuring a high-efficiency liquid cooling system, it ...

It combines top-tier LiFePO4 cells, advanced liquid cooling, and AI-powered safety features to ensure reliable operation and long lifecycle performance. Fully pre-assembled, it offers fast ...

It combines top-tier LiFePO4 cells, advanced liquid cooling, and AI-powered safety features to ensure reliable operation and long lifecycle performance. Fully pre ...

Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire protection, modular BMS architecture, and long-lifespan lithium iron phosphate ...

Discover GSL Energy's advanced liquid cooling energy storage systems for commercial and industrial applications. Scalable to 5MWh, certified by UL, CE, CEI and IEC. Improve energy efficiency, ensure ...

It responds quickly, boasts high reliability, and offers functions such as peak shaving, power capacity expansion, emergency backup power, grid balancing, capacity management, and ...

Ranging from 208kWh to 418kWh, each BESS cabinet features liquid cooling for precise temperature control, integrated fire protection, modular BMS architecture, and long-lifespan ...

Powered by high-capacity 314Ah LiFePO4 cells, an intelligent liquid-cooling thermal system, and a high-efficiency 125kW PCS, this solution delivers stable, safe, and cost-efficient energy storage for ...
