Who makes energy storage enclosures?

Machan offers comprehensive solutions for the manufacture of energy storage enclosures. We have extensive manufacturing experience covering services such as battery enclosures, grid energy storage systems, server cabinets and other sheet metal enclosure OEM services.

How does Iberdrola support energy storage?

In terms of energy storage, Iberdrola sees it as a key driver of decarbonisation and the energy transition, enabling large-scale and small-scale storage through pumped storage and lithium-ion battery technology to support the electrification of the energy system.

Where is Matrix based?

Headquartered in Madrid, Matrix has amassed more than 12 GW of green assets and announced several major developments, including the development of a 4.6 GW U.S. solar & storage project with SolarStone, and the completion of a 143 MW solar+80 MW storage project in Kern County, California, which has been sold to five Parent Association customers.

Why should you choose Machan for your energy storage enclosure?

Machan has extensive experience in the manufacture of outdoor enclosures, enabling us to meet the diverse needs of energy storage enclosure customers across a range of industries and applications.
