-----

A high-voltage (288V/307V max) LiFePO4 battery system with modular rack design, scalable, designed for larger homes, small businesses, and solar energy storage.

The battery modules are equipped with an automatic fire extinguishing device to prevent fire hazards. Click here for User Manual details.

AlphaESS is able to provide outdoor battery cabinet solutions that are stable and flexible for the requirements of all our customer's battery and energy storage demands.

The battery cell adopts the standard 280Ah lithium phosphate prismatic battery produced by a fully automated production line. This battery has high sustainable power, high cycle life, high storage life, ...

The SRB6 Battery Cabinet is an outdoor-rated enclosure that can hold up to 6x SR5K-UL battery modules for a total energy capacity of 30 kWh. The cabinet is outdoor-rated with automatic, ...

AlphaESS is able to provide outdoor battery cabinet solutions that are stable and flexible for the requirements of all our customer's battery and energy storage ...

With a modular capacity range from 30kWh to 140kWh, the system provides exceptional scalability, reliability, and energy efficiency -- ideal for commercial and industrial projects of all sizes.

Highjoule provides advanced BESS solutions for C& I applications, including energy storage cabinets (30kWh-1MWh), containerized systems (1MWh-30MWh+), and fully customized solutions.
