Are side panels a turn-key installation?

Side panels can be equipped with see-through, solid steel, or ventilated doors as well as adjustable panel mounting rails and a wide array of accessories to allow each cabinet rack to be a turn-key installation.

Where are server racks made?

Since 1999, we have provided server racks, cabinets, and enclosures that continuously satisfy our customer's high standards and are Made in the USA! Our IT products are flexible and compatible with all rack mount servers or other electronics, to adapt to changing needs.

What is a NEMA 12 rackmount enclosure?

Built to NEMA 12 specs (IP54 equivalent) when dust and water drips or splash resistant racks are required. These Rackmount enclosures are offered up to 47u with up to 41.75" usable rack depth. Useful in factory environments, construction areas, power stations, shipping facilities, warehouses or processing plants.
