The company has mature experience and system design integration capabilities in the fields of carbon materials, monomers, modules, energy storage systems, energy storage safety and fire protection, ...

Solar Module systems combined with advanced energy storage provide reliable, uninterrupted power for off-grid telecom cabinets. Continuous power availability ensures network ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

Our system is designed to enhance energy density and thermal performance, accelerate installation times, engineered for optimal serviceability, and minimizing capital expenditures (CAPEX).

Our solutions are ideal for commercial, industrial, and renewable energy projects, offering both pre-configured all-in-one ESS cabinets and customizable modular designs.

Looking for an ODM BESS energy storage system? Our all-in-one outdoor cabinet (50-100kWh) features an IP55 design, LFP cells, and easy expansion for C& I applications.

Our system is designed to enhance energy density and thermal performance, accelerate installation times, engineered for optimal serviceability, and minimizing capital expenditures (CAPEX).

YTEN is a direct manufacturer, our main products are solar home lighting kit, solar home energy storage system, solar home cabinet, portable power station, EV charger, and etc. We have a professional ...
