What services does EPC energy offer?

With over 650 MWh installed and commissioned, our experienced team can provide in-house design and engineering services, along with end-to-end support including commissioning, operations & maintenance, plus extended warranties. We make energy efficiently. Copyright © 2024. EPC Energy, Inc. CSLB #1086692.

What is an EPC power conversion system?

Engineered for superior adaptability, EPC Power Conversion Systems feature high-power density, multi-port connectivity, enclosures up to IP55, and 50 Hz / 60 Hz frequency compatibility. The M inverter is a powerful solution for data centers, addressing the growing demand for reliable and efficient power solutions.

Who makes EPC power?

EPC Power is proudly powered by American ingenuity. Our power conversion systems are designed, engineered, and manufactured in the USA using high-quality components. Since our founding in 2010, we have quickly become the premier manufacturer of utility-scale power inverters in North America.

Why should you choose EPC power?

EPC Power provides your operation with adaptable PCS solutions. Engineered for space efficiency and seamless integration, our IP55-rated systems provide reliable performance in any application and fuel the world's largest renewable energy projects. Our inverters provide reliable, high-power output and advanced grid interaction for data centers.

Elgin is a full-service EPC contractor specializing in utility-scale Battery Energy Storage Systems (BESS). Our experienced team designs and installs BESS ...

The CAB1000 is a scalable power inverter that provides reliable energy conversion for applications of any size. Designed for both UL and IEC markets, it's the easy-to-use building block that gets your ...

We've been awarded as Grade A enterprise for China's foreign contracted projects for many consecutive years, and are among the top in the ranking of contracted amount of overseas power ...

Versatile utility scale solar and energy solutions for almost any environment. Engineered for superior adaptability, EPC Power ...
