Price point means a point on a scale of possible prices at which something might be marketed; its meaning is different from the meaning of price, which is (principally, but not only) the ...

These modular units can scale to meet the requirements of any commercial site, regardless of power and energy requirements. From smaller commercial businesses with energy needs up to 14kW, the ...

Whether you're running a small café; or managing a large facility, this guide explores how commercial solar works, how much it costs, what incentives are available, and how to choose the ...

1904 Topeka Capital 10 June 4 City Center kept the price of ice cream sodas at five cents until the State Sunday School convention struck town, and then the scale was hiked to ten cents. We ...

Besides, the point I was trying to make is that value is not the same as price - a TV bought at a discount might be worth more than was paid for it, and might hence be valuable but not ...

Monthly, per-postcode aggregated PV installation data is updated quarterly and available for download from the Clean Energy Regulator. The energy generated by distributed PV systems in each State ...

Your best form is "How much is it?" if you want a natural sound. For "What is the price," it is better to ask "What is the price of ABC" or just "What is the price?" Asking "What job are you?" is ...

I know that include is a verb while including is a preposition but they made me confuse when it comes to their usage. I usually confuse when to use include with including. Most Thais like sp...
