Who is donating half of Enel's storage capacity?

Sign up here. Terna, which is managing the auction on behalf of the state, awarded more than half of the total storage capacity to five projects developed by Italy's biggest utility Enel (ENEL.MI).

What is MACSE - electricity storage capacity procurement mechanism?

The Electricity Storage Capacity Procurement Mechanism ('Meccanismo di Approvvigionamento di Capacità di Stoccaggio Elettrico' in Italian or MACSE), a regulatory initiative aimed at fostering the growth of electricity storage capacity, is predicted to be the catalyst for an expected surge in Italian storage investment in 2025.

What does a 15-year contract mean for energy storage?

The mechanism, offering 15-year contracts on up to 100% of asset capacity, aims to support the installation of energy storage necessary to achieve the country's renewable energy target of 131 GW by 2030.

The Battery Cabinet EVO DSP PLUS MODULAR 42U is purpose-built for housing up to 40 modular battery units, making it a scalable and flexible energy storage solution for the EVO DSP PLUS UPS ...

In March 2025, Italy awarded 1.2 GW of grid-scale battery storage contracts to eight consortiums, marking the largest single procurement in EU history [5]. This isn't just another clean energy milestone.

MILAN, Oct 1 (Reuters) - Italy awarded all 10 gigawatt hours of the capacity it tendered in its first battery storage auction, recording an average price well ...

Italy is forecast to deploy more storage capacity than any other European nation in 2024 - the European Commission has approved EUR17.7bn of storage funding under "state aid" ...

Industry leaders in the Italy Lithium Battery Storage Cabinets Market are shaping the competitive landscape through focused strategies and well-defined priorities.

Italy is forecast to deploy more storage capacity than any other European nation in 2024 - the European Commission has approved EUR17.7bn of storage funding under "state aid" rules, while ...

MILAN, Oct 1 (Reuters) - Italy awarded all 10 gigawatt hours of the capacity it tendered in its first battery
