Can a single cabinet support a fixed rack mount equipment?

The extensive offering of accessories allows a single cabinet to support not only 4RU or 8RU of fixed rack mount equipment, but also additional space for network connectivity mounting both vertically and horizontally.

What are in-cabinet-mounted power distribution units (PDUs)?

Our in-cabinet-mounted Power Distribution Units (PDUs) are manufactured from high-quality components to support all your mission-critical applications. Belden PDUs are designed to facilitate seamless integration into Belden racks and cabinets.

What is a wall mount network cabinet?

Legrand's innovative wall-mount network cabinets are perfect for edge computing, IoT and building network applications. Our wall mount cabinets are an ideal solution for environments where floor space is at a premium, or only a few pieces of network or IT equipment need to be protected.

What are SWMR cabinets made of?

The cabinets are made of rugged welded steel and feature locking doors for PCI compliance in retail applications. The hinged, swing-out middle section provides easy access to the rear of mounted equipment. The SWMR series feature heavy duty latch and hinges to accommodate heavier weight loads.
