What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed,fabricated,and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality,faster lead times,and complete Build America,Buy America (BABA) self-certification documentation with every order.

How much slack can a telecommunication pole store?

This all-metal pole-mount enclosure stores up to ~250?(144-count) of outdoor fiber slack. Powder-coated steel and stainless hardware ensure field durability,while cable keepers and key-hole mount points ensure organized,secure slack storage on telecommunication poles.

Whether you need a compact fiber distribution unit or a large UPS enclosure, each outdoor telecom box can be configured to support integrated power, fiber optic, and data systems within our facility.
