Who makes outdoor Telecom cabinets?

Since 1989, we've manufactured outdoor telecom cabinets in America's Heartland, providing telecommunications companies, utilities, and network operators with BABA-compliant solutions that protect critical equipment from the harshest environmental conditions.

What is an outdoor telecom enclosure?

Our outdoor telecom enclosures support a wide range of telecommunications and infrastructure needs: Fiber Optic Networks: From compact fiber distribution units to high-capacity data center enclosures like the AP-Data with six slack frames, our cabinets manage dark-fiber volumes with organized cable management and secure slack storage.

Where are outdoor Telecom enclosures made?

Every outdoor telecom enclosure we manufacture is designed, fabricated, and assembled entirely in the USA. Our commitment to American manufacturing means you receive consistent quality, faster lead times, and complete Build America, Buy America (BABA) self-certification documentation with every order.

Why should you choose NEMA rated cabinets?

This vertical integration ensures the quality and compliance that infrastructure projects require, whether government-funded or private sector. Our NEMA-rated cabinets are built to withstand whatever nature delivers.

Explore how energy-efficient outdoor telecom cabinets reduce power consumption, enhance sustainability, and lower operational costs for modern telecom networks.

Build a durable outdoor communication cabinet with weatherproof materials, NEMA/IP ratings, and cooling systems to ensure reliability in all climates.

Proper maintenance of outdoor communication cabinets is crucial for ensuring the reliability and longevity of the equipment housed within. By following a ...

Customers only need to secure the cabinet using the bottom mounting holes and install equipment in the reserved equipment space. By standardizing the cabinet, common ...
