-----

Posh Electric specialises in developing ESS that run on sodium-ion batteries. With the grant, the company will study the viability of this newer type of battery for energy storage in Singapore.

Highly efficient, easy-to-deploy 60kW, 400V 3-phase UPS. Brings best-in-class power protection and low total cost of ownership to edge, small and medium data centers, as well as to critical ...

With a scalable power range of 30 kW to 60 kW and battery capacity ranging from 60 kWh to 112 kWh, this mobile, small-footprint Hybrid Power Station is also suitable for ...

Supply and Rental Hybrid Power Station with a system capacity of 60kWh This hybrid Generator, Solar and Battery (GSB) unit set is a state-of-the-art power solution that integrates battery system, battery ...

Capable of actively managing mismatches between electricity supply and demand, our ESS can provide power to meet the daily electricity needs of around 27,300 four-room public housing flats in a single ...

Our plug-and-play 60 kVA battery solutions can be rapidly deployed alone or as part of a hybrid solution, where we combine generators with battery storage, automatically switching between the two as ...

Supply and Rental Hybrid Power Station with a system capacity of 60kWh This hybrid Generator, Solar and Battery (GSB) unit set is a state-of-the-art power solution that integrates battery ...

With a scalable power range of 30 kW to 60 kW and battery capacity ranging from 60 kWh to 112 kWh, this mobile, small-footprint Hybrid Power Station is also suitable for applications ...
