What is an IP66 rated cabinet?

This IP66 rated cabinet can be mounted on both walls or poles, providing flexibility in how you set up your outdoor network. The cabinet's design is specifically tailored for outdoor network cabinets, and it can withstand the most challenging weather conditions.

Are IP66 enclosures weatherproof?

IP66 enclosures are weatherproof outdoor enclosures with the following protective features: IP66 enclosures are as versatile as they are tough, and they're rated for either indoor or outdoor use, making them a go-to choice for commercial and industrial enclosures of all kinds.

What are the different types of IP66 enclosures?

Material options for IP66 enclosures include plastic, steel, and aluminum. Meeting IP66 ratings ensures components and devices stay protected in dusty, dirty and wet environments. IP66 rated boxes are designed for use in a wide range of industries such as oil and gas, alternative energy, marine, telecommunications and more.
