Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, ...

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural ...

The system configuration is modular, support multi-machine parallel, plug and play, easy to install and maintenance.

500kW power output with modular design, supporting expansion up to 1.5MWh (customizable based on your product specs). Seamless integration with existing inverters for hybrid energy systems.

This guide provides step-by-step instructions on how to install your R-BOX-OC outdoor solar battery cabinet, including site selection, assembly, wiring, and system testing. [pdf]

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

500kW power output with modular design, supporting expansion up to 1.5MWh (customizable based on your product specs). Seamless integration with existing inverters for hybrid energy ...

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO4 batteries with high thermal stability, extensive cycle ...
