How many watts of solar power does a trailer have?

The standard 200-watt solar panel and 1800-watt inverter provide essential power, while the optional Power Package transforms this trailer into a boondocking powerhouse with 1,000 watts of solar and a robust 460Ah lithium battery system.

How many solar panels can a RevoPower solar trailer run?

The RevoPower Solar Trailer is built with precision and detail in the USA. It can be paired with up to (6) 100W Solar Panels as well as ANY of our solar generators and expansion boxes. When combined with solar panels and a RevoPower solar generator, you'll bring the party with you! Features:

Can I use a solar generator with a trailer?

When purchased with solar panels & solar generator: Totally Plug and Play, no crimps, solders, extensions, or extra wiring needed. Recommended solar generators: Fortress, Fortress II, Fortress Mini/Stealth, or Rebel Solar Generator. We can outfit the trailer with other solar generators, but these are designed for outdoor use.

What is a high-capacity solar trailer?

A high-capacity solar trailer, like the SPOG Trailer, is an essential tool for natural disaster preparedness. Built with peace of mind in mind, it provides reliable, off-grid power to keep essential devices and appliances running during emergencies.
