Our factory operates a 24-hour automated production line specializing in the manufacturing of high-voltage lithium batteries and integrated lithium battery energy storage systems for commercial and ...

The system offers flexible configuration, compatibility with most EV brands, and is suitable for various industrial and commercial applications such as microgrids and solar storage.

Huijue Group's Mobile Solar Container offers a compact, transportable solar power system with integrated panels, battery storage, and smart management, providing reliable clean energy for off ...

The ESS solution is a highly integrated, all-in-one, C& I Hybrid energy storage cabinet with multiple application scenarios. It has outstanding advantages such as intelligent charge and discharge ...

Polarium BESS consists of our Battery Cabinets with a capacity of 140 kWh, Inverter Cabinets with one 75 kVA bi-directional inverter per Battery Cabinet, and AC-Interface Cabinets that house our ...

This 125kW all-in-one liquid-cooled solar energy storage system integrates high-performance lithium batteries, inverter, and energy management into a single unit, ensuring stable operation and optimal ...

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ...

The Cabinet offers flexible installation, built-in safety systems, intelligent control, and efficient operation. It features robust lithium iron phosphate (LiFePO4) ...
