How much money did El Paso invest in Argentinian companies?

13. It is alleged that,from 1997 to 2001,El Paso invested US\$336 million in the Argentinian companies,and that its parent company guaranteed around US\$24 million of SERVICIOS' lease obligations.

Did Enron invest in an Argentinian company?

In Enron,the Claimants had a 35,263%indirect ownership of the shares of an Argentinian company through a complex corporate structure. The tribunal considered this an investment,while adding a caveat:

How was Argentina prepared to privatise the energy sector?

Argentina was prepared to provide certain guarantees to domestic and foreign investors. The privatisation policy in the energy sector was carried out,on the federal level,by the Executive and Legislative Powers which agreed that foreign investors were important to achieve privatisation successfully. 82.

Why did El Paso sell its investment?

117. The respondent State alleged that the sale was prompted by reasons alien to the Argentinian crisis. 32 It was,moreover,an unwise move,for while El Paso had purchased its investment at a time when the Argentinian economy had reached a peak,it sold that investment when the economy hit bottom.
