Does China's Hainan free trade port match international economic and trade rules?

World Customs Journal, 18(1), 81-99. This article introduces the development process and main characteristics of China's Hainan Free Trade Port (Hainan FTP) and analyses the risks and challenges China Customs may encounter in matching the high-standard international economic and trade rules in promoting its construction.

Will Hainan become a free trade hub?

China's southern Hainan province will launch a comprehensive zero-tariff system for imports starting Dec 18, when it begins operating as a special Customs regulatory area, experts said on Monday, marking a major step in its push to become a globally competitive free trade hub.

Is Hainan a free trade zone?

China already has 22 free trade zones (FTZs), but Hainan represents a fundamentally different level of openness. Most FTZs are limited to specific urban areas and focus on upgrading local industries. Hainan has transformed an entire island into a unified free trade port, with its own customs, tax and regulatory system.

What is Hainan free trade port?

Article 38 The State supports Hainan Free Trade Port in establishing an open, eco-friendly, and service-oriented industry system, and developing key industries such as tourism, modern services, high-tech industries, and high-efficiency agriculture with tropical characteristics.

As global trade faces rising tariffs and growing protectionism, China is moving in the opposite direction by opening one of its doors wider. That door is Hainan, a tropical island now being ...

A comparative analysis is used to demonstrate the comparative advantages of Hainan FTP with other free trade zones (FTZs) around the world.

These designs stem from Hainan's 2025 major project investment plan, addressing seasonal and fragmented challenges in coastal commerce with a replicable "Hainan Model."

China's southern Hainan province will launch a comprehensive zero-tariff system for imports starting Dec 18, when it begins operating as a special Customs regulatory area, experts said ...

Our empirical results show that the construction of the free trade port has significantly increased trade
