Available in both 100kWh and 215kWh capacities, this modular system integrates power modules, batteries, cooling, fire protection, and environment monitoring in a compact outdoor cabinet.

Solar Modules produced at SweModule by Renewable Sun Energy Sweden AB are designed for various markets and applications. High quality production, combined with strictest process control, ensure ...

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ...

Our innovative modular design caters to diverse application needs, offering eco-friendly, high-yield solutions. Our mission: to green every watt of electricity generation and maximize every watt's value, ...

Our innovative modular design caters to diverse application needs, offering eco-friendly, high-yield solutions. Our mission: to green every watt of electricity ...

An Outdoor Photovoltaic Energy Cabinet is a fully integrated, weatherproof power solution combining solar generation, lithium battery storage, inverter, and EMS in a single cabinet. It delivers clean, ...

This model SES-90K-NA/EX Outdoor Cabinet BESS power storage is a pre-engineered system designed to be placed outdoors for various applications, such as solar power systems, backup power ...
