As a battery energy storage system (BESS) systems integrator and EPC solutions provider, we combine the latest global Tier 1 battery and inverter technology to engineer a comprehensive BESS solution ...

The World Bank Group's private-sector arm, the International Finance Corporation (IFC), is considering financing a planned 72-MWac/90-MWp solar farm with battery storage in Timor-Leste, ...

The World Bank Group's private-sector arm, the International Finance Corporation (IFC), is considering financing a planned 72-MWac/90-MWp solar farm with battery storage in ...

In a landmark moment for Timor-Leste's energy future, a Power Purchase Agreement (PPA) has been officially signed for the country's first-ever solar power project integrated with a Battery...

The Project supports Timor-Leste's transition from expensive, oil-dependent generation to a more efficient, resilient, and fiscally sustainable power system.

The Project involves the construction and 25-year operation of a new power plant in Manatuto, Timor-Leste, comprising a 72 MW solar power plant co-located with a 36 MW/36 MWh battery energy ...

The government of Kosovo this week announced it will build a battery energy storage system (BESS) with a capacity of 200MWh-plus to deal with the country's energy crisis. [pdf]

On that occasion, the Company revealed a collaboration plan in the development of a 5 megawatt ("MW") capacity photovoltaic ("PV") solar power plant and Battery Energy Storage System ("BESS") ...
