What is Sunway ESS battery energy storage system (BESS)?

Sunway Ess battery energy storage system (BESS) containers are based on a modular design. They can be configured to match the required power and capacity requirements of client's application. Our containerised energy storage system(BESS) is the perfect solution for large-scale energy storage projects.

What is a Megatrons 1MW battery energy storage system?

MEGATRONS 1MW Battery Energy Storage System is the ideal fit for AC coupled grid and commercial applications. Utilizing Tier 1 280Ah LFP battery cells,each BESS is designed for a install friendly plug-and-play commissioning. Each system is constructed in a environmentally controlled container including fire suppression.

What is included in a 1 MW battery system?

Our larger 1 MW battery systems remain versatile and efficient,with everything conveniently included in a standard 20ft container. This includes batteries,an inverter,HVAC,fire protection and auxiliary components,all tested by our experts and operated by the smartest software on the market.

What types of battery storage cabinets do you offer?

We provide modularbattery storage cabinets and 20ft,40ft energy storage containers that can be connected to inverters ranging from 100kW,500kW 1MW,2MW,3MW &4MW from manufacturers such as Power Electronics &SMA. We can offer both air cooled and liquid cooled battery modules to meet various climate conditions across the globe.

Do you have questions about your Energy Storage System planning? We are here to discuss the opportunities within your situation. Let's talk about how you can get a quick quotation and start order ...

We provide modular battery storage cabinets and 20ft, 40ft energy storage containers that can be connected to inverters ranging from 100kW, 500kW 1MW, 2MW,3MW & 4MW from manufacturers ...
