Who is integrated power designs?

Integrated Power Designs (IPD) is an ISO 9001:2015 registered company. IPD is a US Power Supply manufacturer of AC-DC & DC-DC supplies ranging from 25-400 watts. Since our founding in April of 1985, we have been committed to on time delivery of quality product while minimizing our environmental impact.

What is intelligent AC/DC power distribution box?

The intelligent AC/DC power distribution box is a distribution automation measurement and control terminal applied to line distribution transformers. It has the functions of monitoring the low-voltage side load and frequency of the distribution transformer, collecting power, and controlling the switching of capacitors.

Are integrated power designs AC/DC converters safe?

Integrated Power Designs' GRN series AC/DC converters have the safety approvals needed for applications such as medical, audio/video, and more. Integrated Power Designs (IPD) is a US based power supply manufacturer of AC/DC and DC/DC supplies with wattages ranging from 25W to 400W.

What is Integritas industrial DC power system?

The Integritas Industrial DC Power System family combines AC/DC power conversion, battery charging, and power distribution into an integrated package.

Integrated Power Designs (IPD) is a US based power supply manufacturer of AC/DC and DC/DC supplies with wattages ranging from 25W to 400W. Since their founding in 1985, IPD has been ...

Our cabinets are designed to provide reliable, efficient, and high-performance power conversion for a variety of industries, including telecommunications, renewable energy, transportation, and more.
