Which telecommunication companies offer 5G services in Uruguay?

The three existing telecommunication operators: state-owned ANTEL, Movistar, and Claro were awarded spectrum and are already offering 5G services. The IT services sector is a significant recent growth area, with several Uruguayan companies listed in U.S. stock markets and others acquired by U.S. companies.

What is a 5G outdoor integrated cabinet?

5G Outdoor integrated cabinet is well suited for power equipment, batteries, telecom gear, all integrated into a robust, economical package. The cabinet contains internal mounting rails, which allow installation of standard 19" equipment. Lockable front door with rubber seal, with AC or DC Air conditioner mounted on the door. Support custom-made.

Does Uruguay have a 5G network?

In May 2023, Uruguay conducted a spectrum auction for the 3.5 GHz band for a license period of 25 years for 5G uses. The three existing telecommunication operators: state-owned ANTEL, Movistar, and Claro were awarded spectrum and are already offering 5G services.

What is a 5G enclosure?

Equipment protection: An enclosure's primary purpose is to protect 5G cables and equipment from damage caused by environmental and physical conditions. The cabinet is mechanically robust and sealed, preventing costly damage from weather conditions, impacts and other factors.
