This free-standing cabinet maintains precise temperature control with differences of less than 3&#176;C between cells, enhancing battery consistency, extending lifespan, and enabling modular parallel ...

Constant-temperature Battery Cabinet is made up by heating insulating sandwich plate, which has good heating insulation. To use high efficiency air-conditioning for battery refrigeration, to make sure ...

The construction characteristics of the recombination type lead-acid electric accumulators (valve-regulated hermetic accumulators); the absence of acid fumes and the virtual absence of gaseous ...

Home About us Product News Contact us HUST VIET NAM JSC Headquater: D01-L07, Zone A - Duong Noi New Urban Area, Duong Noi Ward, Hanoi City, Vietnam Phone: (+84) 24 2239 ...

What is a p500e energy storage system?The P500E has a modular design with a built-in STS and transformer. With the P500E, you can transfer energy bi-directionally to the battery, grid and DG, ...

The SIMN XHH Series represents the pinnacle of precision environmental control technology, combining advanced temperature regulation with intelligent humidity management in a compact cabinet design.

Our solar battery cabinets are constructed using sheet metal known for its strength and durability. This ensures that the cabinets can withstand the rigors of various environmental conditions, including ...
