Through cutting, bending, and assembling sheet metal, Smart Vietnam manufactures solar battery cabinets that exceed expectations in terms of strength, durability, and functionality.

The ELECOD Outdoor Cabinet Energy Storage System (Air-Cooled) is a highly efficient and scalable energy storage solution, designed for use in microgrid scenarios such as commercial, ...

Whether retrofitting existing infrastructure or building a decentralized energy network, this cabinet empowers businesses to cut costs, enhance sustainability, and ensure uninterrupted power.

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.

The system has an IP55 rating and C4 anti-corrosion level, making it suitable for outdoor use. Its plug-and-play design, along with modular and parallel connections, allows for easy expansion ...

Space-saving: using door-mounted embedded integrated air conditioners can save space in the cabinet by not occupying any space, improving the available space, enhancing the top structural integrity, ...
