WELL definition: 1. in a good way, to a high or satisfactory standard: 2. very much, to a great degree, or....
Learn more.

WELL definition: a hole drilled or bored into the earth to obtain water, petroleum, natural gas, brine, or sulfur.
See examples of well used in a sentence.

Insistence on well rather than good has resulted in a split in connotation: well is standard, neutral, and colorless, while good is emotionally charged and emphatic.

There are a number of reasons why a well may have a very low water level or run dry completely. The most common cause is hot, dry weather over a long period of time.

Dive into the meaning of "well" with this comprehensive glossary entry. Discover its distinct etymologies, varied definitions by part of speech, real-world examples in literature, media, ...

You say well to express your surprise or anger at something that someone has just said or done.
